LETTERA INVIATA AL PRESIDENTE E A TUTTI I MEMBRI DEL BOARD ALDE

Dear President, Dear Members of the Bureau,

On behalf of the Italian Liberal Party (PLI), I have the honour of formally submitting our movement's application to join the ALDE Party.

The PLI, founded in 1922, represents one of the historical traditions of liberalism in Italy, which has always been inspired by the principles of individual freedom, the rule of law, the market economy, democracy, European integration and civil rights. Throughout its history, our party has consistently defended the values of classical and modern liberalism, acting as the voice of civil liberties and political pluralism in Italy.

We believe that, in the current political context, a stronger and more cohesive Europe is essential to address global challenges. Our goal is to actively contribute to the renewal of the European project, both at national and EU level, together with our liberal partners.

By joining the ALDE Party, the PLI intends to:

- Strengthen ties with the European liberal family.
- Participate actively in the European political debate.
- Collaborate with sister parties in other European countries.
- Support the construction of a more open, democratic and innovative European Union.

We enclose the PLI Statute, the Political Manifesto and the most recent documentation relating to our activities and positions, as evidence of our full consistency with the fundamental values of the ALDE Party.

We hereby kindly ask the Bureau and Congress of the ALDE Party to consider our application favourably, allowing the Italian Liberal Party to officially join the European liberal family.

We look forward to hearing from you and are available for a formal meeting to further explain the reasons for our request.

With warm regards,

On.Stefano De Luca
